\$40 punch card is good for 22 hours

Guidelines

Every child is different. Occasionally we may have children who are not comfortable in this type of setting. The staff will try to calm the child. If the child remains upset we may page you to come to the child care area and you may calm the child down and return to your workout or try again on another day. If your child would like to bring something to help make their visit more comforting feel free to bring it with them.

We **DO NOT** take sick children (children with fevers over 99 F, diarrhea, vomiting or undiagnosed rashes. If your child becomes ill while in the child care area, the child must be removed from the area. Children must be fever free for 24 hours before returning to the area. We do not administer medications of any kind. If your child is on an antibiotic, please bring a physician's note allowing them to be around other children.

We **DO NOT** supply diapers, wipes or snacks. Please make sure you provide these when you bring your child. You may bring snacks, drinks or meals for you child. We do have a refrigerator and a microwave; however we ask that you heat up any food or bottles. Please use spill proof cups and make sure all items are marked.
